**SUBJECT: SOCIAL DISTANCING POLICY**

The Superintendent, working in conjunction with the administrative staff, will develop procedures which require all individuals who enter District property to maintain a distance of six feet between themselves and any other person at all times possible, and procedures for the enforcement of such standards. Procedures will require individuals to maintain twelve feet between themselves and any other person whenever possible when engaging in an activity on District property that requires the forceful projection of air from their lungs. Procedures will implement practices to encourage and ensure that social distancing policies are followed by all persons on District property.

This policy will remain in effect for the duration of the state of emergency declared by the Governor of the State of New York as a result of the COVID-19 pandemic.

NOTE:

Adopted: 08/05/2020
