**SUBJECT: POLICY REGARDING HIGH RISK INDIVIDUALS**

The Superintendent, working in conjunction with the administrative staff, will develop procedures which provide accommodation to any individual who is at high risk for complications due to a COVID-19 infection or who has a family member of the same status. Procedure will include provisions regarding parents who decide not to send students back to in person instruction and mandate that such students must be provided remote instruction. Procedure must also include provision addressing staff who decide they are not comfortable with returning to in-person work during the COVID-19 public health emergency and mandate that such individuals be provided the ability to telework.

This policy will supersede and modify any existing policies regarding in-person attendance for students and telework for District employed individuals. This policy will remain in effect for the duration of the state of emergency declared by the Governor of the State of New York as a result of the COVID-19 pandemic.
